WELCOME MESSAGE

Dear Professors, Doctors and Guests

Welcome to MedGO 2026 – Medina Gynecology & Obstetrics Congress. Dear Professors, Doctors, and Distinguished Guests, It is with great pleasure that we welcome you to the MedGO Congress 2026, which will be held on 6–7 November 2026 at the King Salman International Convention Center in Madinah, Saudi Arabia, with Pre-Congress Workshops taking place on 4–5 November 2026. MedGO is an annual scientific event and is recognized as one of the largest and most prominent Obstetrics and Gynecology conferences in Saudi Arabia. Organized and led by Dr. Ali Alhibshi, Consultant in Obstetrics, Gynecology, Reproductive Medicine, and Infertility, the congress aims to provide a comprehensive and forward-looking scientific program that reflects the latest advancements in the field. The congress will feature specialized pre-congress workshops offering practical, hands-on learning experiences, followed by two days of high-level scientific sessions delivered by leading experts and pioneers in obstetrics, gynecology, reproductive medicine, and related specialties. We strive to create an exceptional platform that promotes knowledge exchange, professional development, and meaningful collaboration among healthcare professionals. In addition to its scientific excellence, MedGO 2026 will offer a dynamic exhibition area that includes pharmaceutical and medical companies, as well as selected local Madinah businesses, creating an engaging environment for all participants. The congress will also highlight the rich culture and hospitality of Madinah through integrated social and cultural activities. In collaboration with tourism partners, we encourage our guests to explore the historic and spiritual landmarks of the region. Each year, we extend invitations to Heads of OB-GYN Departments and key decision-makers from hospitals across Saudi Arabia, representing various healthcare sectors. Their participation enhances the scientific value and strategic impact of the congress. MedGO 2026 stands as a pivotal platform for advancing obstetric and gynecological practice in the region. We warmly welcome you to join us in Madinah and look forward to an inspiring and successful congress. With best regards,

Conference President

Dr. Ali Hibshi
